ARTNOTO

Tokyo Support Center for the Arts and Culture ARTNOTO serves as a platform to support a wide range of artists and cultural practitioners working in Tokyo, helping them to sustain their activities and pursue new endeavors. It provides comprehensive support, mainly online, and across three core functions: a *consultation service* that responds to problems and concerns, in cooperation with specialists; an *information hub*, for the delivery of useful information; and our *school*, which shares essential knowledge and skills with practitioners.

The Consultation Service

Consultants with knowledge and experience in the arts and culture respond to the various problems and concerns faced by artists and cultural practitioners, helping them work toward solutions.

I want to know about public subsidies and private grants available for arts and cultural activities.

I don't fully understand the concept of copyright.

I'd like to consult someone about harassment.

I need advice on how to keep my organization's activities going", etc.

Depending on the nature of the inquiry, we may connect you to an appropriate organization or introduce you to external specialists, such as lawyers, if needed.
